EDITORIAL NOTES

Genealogies.—The publication of the genealogies of Dutch Burgher families will always form one of the features of the Journal. Those members of the Union, who have complete genealogies of their families and desire their publication, should communicate with the Editor, with a view to their being considered by the Genealogical Committee.

As considerable delay is caused in endeavours to bring the genealogies up to date, special regard will be paid to the earlier genealogy of families connecting them with the original settler. Later genealogical details can always be supplied afterwards by existing members of families. It is the earlier history that is apt to be lost or forgotten if not collected and preserved in time.
